

All of our learning this half term is themed around our topic of Food and Farms

Focus area: Communication and Interaction

We will learn about how to communicate effectively throughout life. This is daily and class adults' model and support the children to communicate effectively. We will have daily Talk Time and develop our skills of talking with our friends.

Focus area: Social, Emotional Wellbeing and Mental Health

We will learn about our feelings and how to regulate our feelings, including using Zones of Regulation. We will think about how we are a good friend to our classmates and how we are responsible for our actions and being kind towards others.

Focus area: Independence and Self Help and Preparation for Adulthood (Life Skills)

We will learn about keeping healthy and independent living. We will learn about the benefits of exercise and the benefits of a healthy lifestyle. We will be learning how to cut and prepare food.

In the complementary areas of our curriculum (understanding the world, expressive arts and design, sensory and physical development, mathematics, literacy and RE) some of the tasks we will do are:

- Experiments with ways to enclose a space, create shapes and represent objects
- Different foods around the world and where foods are grown and how there are transported to different countries.
- We will learn about how plants and food grows
- Mathematics is individually planned for each child

Our PE days this half term are Thursday and Friday
